Mike,

Do you know if Newman Trucking has developed the follow-up report to the trucking accident that occurred on the 16th of January. Given the Reportable Quantity for asbestos is 1 pound I don't believe a formal report needs to be filed with the state or feds however Joyce and I would like a report to review and to place in the EPA and the UDEQ site files. Just a short summary of the incident would be sufficient (date/time, incident summary, quantity released, remedial actions taken).

Thanks,

Craig

Joyce & Craig,

We had positive hits on January 26, 2012. All were chrysotile, see the attached. Please let me know if you have

any questions or concerns.

Thanks,

Mike Shepherd
